

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement accuracy since 1959. The Lull telehandler can help make the work faster and easier, whether the task involves landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are available together with the patented Stabil-Trak stability system in order to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. A wide range of optional attachments is available for Lull telehandlers so as to help complete whichever job.
